

pro^Wood[®] EXPRESS

QUICK. CONVENIENT. CUSTOMIZABLE.

ProWood[®] Express is an added service that offers a quick and convenient solution for dealers, contractors and homeowners. Contractors and homeowners can now order ProWood[®] Decking and Treated Lumber, as well as Outdoor Essentials Railing, through participating dealers and enjoy the convenience of bundled project pack delivery to a desired location.

Homeowners have two options through the ProWood Express program:

Build It Yourself – Homeowners order product through a participating dealer to build their own project.

Build With a Pro – Homeowners select a Deckorators Certified Pro to professionally design and build their project.

Need help? Speak to an Express representative about Deckorators Certified Pros in your area.

See reverse side for participating ProWood and Outdoor Essentials products.
